

Slat Information

Updated April 2016

Dimensions

- Trundle: 35 $\frac{3}{4}$ " x 70 $\frac{1}{2}$ "
- Single: 38 $\frac{3}{4}$ " x 76"
- Double: 53 $\frac{3}{4}$ " x 76"
- Queen: 59 $\frac{3}{4}$ " x 80"
- Eastern King: 77 $\frac{3}{4}$ " x 80"
- California King: 71 $\frac{3}{4}$ " x 84"

Slat thickness: $\frac{3}{4}$ "

Slat Width: 2 $\frac{7}{16}$ "

Each platform bed comes with a roll of slats. By default we use our "Regular Slats" a.k.a 2" Slats

1.5" Upgraded Slats (a.k.a. "Jantz")

- 20-21 slats/roll
- 1.5" space between slats

Regular Slats

- 16 slats/roll
- 2 $\frac{1}{2}$ " space between slats

Pacific Rim can create custom sized slats to fit any bed that is up to 77 $\frac{3}{4}$ inches wide. We will need exact measurements and custom slats are not returnable.

Calculate the cost by using the price for whichever original size Pacific Rim will need to cut down from. (Example, a bed that is 76 inches wide; PRW would need to cut Standard King slats, so the base price is the Standard King). Add an additional \$68 for the customization.
